# Sun Metro Invites Public to Meetings on Future of El Paso's Public Transit

**EL PASO, Texas**—Sun Metro invites riders and the community to a series of pop-up public engagement sessions on its transformative service improvements planned for the summer.

The planned changes will increase route frequencies, reduce travel times, and reshape service by streamlining existing routes, introducing new ones, and discontinuing routes with low or no ridership. The changes stem from Sun Metro Rising, a comprehensive study of Sun Metro's transit system, that was guided by community feedback and identified key updates to make service more efficient, reliable, and better aligned with riders' needs.

These updates, set to begin this June, will bring one of the most significant enhancements to El Paso's public transit in years, improving connections to jobs, schools, healthcare services, and other essential destinations.

Riders are encouraged to attend a series of pop-up public meetings to learn about route changes and how the new system will work.

## POP-UP MEETINGS AT TRANSIT CENTERS
