Sun Metro to Unveil Electric Paratransit Fleet at Ribbon Cutting Ceremony

WHO: Sun Metro
WHAT: Ribbon-Cutting Ceremony
WHEN: 9 a.m. Tuesday, March 24, 2026
WHERE: LIFT facility, 5081 Fred Wilson

Sun Metro and the City of El Paso invite the community to attend a ribbon-cutting ceremony celebrating the unveiling of 45 new vehicles, the public transportation system's first zero-emission electric vehicle fleet and charging stations.

The \$11 million project, funded through the Federal Transit Administration's Low or No Emission Grant Program, marks a major investment in cleaner, more reliable, and more sustainable public transportation for the El Paso community.

"This project is truly transformative for our residents and El Paso's public transportation system," said Sun Metro Director Anthony DeKeyzer. "Modernizing the LIFT paratransit fleet improves equity in mobility, enhances service reliability, and elevates passenger comfort. At its core, this Sun Metro investment improves the daily lives of thousands of El Pasoans who rely on LIFT to connect with family, work, school, and essential services throughout the city."

LIFT currently operates a fleet of about 70 paratransit vehicles and provides more than 18,000 rides each month to ADA-eligible clients through on-demand, curb-to-curb service.

To learn more about LIFT paratransit services, visit SunMetro.net or call (915) 212-LIFT (5438).
